Statement of Competing Interests

Name: (please print) STEVEN A YOUNG MIN

Please list below any payment or services received over the past 2 years that might be perceived to compromise your status as an independent author.

In each case, please state the source of funding, the nature of the funding, the relevant dates and whether it is complete or ongoing. It is not necessary to declare the amount involved, although you may wish to qualify your statements where only small sums were received (e.g. 'I have received occasional small honoraria – of less than £500 – for giving educational lectures on behalf of xxx').

i) Research or other grants:

I am a local principal investigator in the ZIPP trial that I believe is part-supported by Novartis. I also take part in the SWITCHRA study sponsored by Roche.

ii) Consulting fees or honoraria for lectures/similar activities:

I regularly lecture on the BMJ musculoskeletal masterclass (2-3 x per year) with honoraria of less than £500 from the BMJ. Twice yearly I help conduct an RCGP musculoskeletal injection course for £500. I have given 1-4 talks in each of the last 2 years with honoraria of less than £500 from Pfizer, GSK and Amgen. Pfizer have also recently approached me to organise an educational meeting, the honorarium for this has yet to be discussed.

iii) Travel/accommodation to attend study meetings, conferences etc.

I attended a 2 day osteoporosis meeting May 2010 in London sponsored by Lilly. I attended the EULAR June 2010 conference in Rome funded by Roche. I attended a Fracture Liaison Preceptorship in Glasgow September 2010 funded by Novartis. I attended an Ankylosing Spondylitis Preceptorship supported by Abbot. I am due to attend the ACR 2012 conference supported UCB Pharma.

iv) Fees for writing or reviewing manuscripts:

v) Other:
